### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Authorization for this examiner's amendment was given in a telephone interview with Ms. Ronni S. Jllions on August 12, 2009.

In the specification on page 5, above the paragraph beginning," The surfaces of the shaped section and wall elements.....", the following text has been inserted,

-- As a result of the above structure shown in figures 1-2, tongues and grooves are formed on two side walls thereof and the grooves on a front of the side walls of each of the sections opening in the same direction as the grooves on a back of the side walls of said each of the sections; the direction of the opening is perpendicular to the height of the wall, and the structure is such that the tongues and grooves of adjoining sections are capable of being joined together in a direction that is perpendicular to the height of the wall. --

The following amendment contains support in the original specification as the structure is shown in original drawings 1-2 and all walls have height to be termed the same .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeanette E. Chapman whose telephone number is 571-272-6841. The examiner can normally be reached on monday-friday, 9:00am-5:00pm.
